Preparation and agreement to conditions: I agree to the following

The quilt top should be well pressed, seams flat and in clean, good condition.

The backing should be pressed and in clean, good condition.

The backing and batting must be larger than the quilt top (as indicated above)

Purchased batting and backing must be paid when cut, not when quilt is picked up.

Place quilt top, backing and batting in a large clean plastic (or paper) bag. **Do not** use a cloth or reusable bag.

Please pin a note on the backing and quilt top if they are directional (top of quilt/top of backing).

Pieced borders are recommended to be 'stay stitched' 1/8" away from edge to provide stability.

Quilts will be quilted in the condition they are received.

Quilt top and backing must NOT be layered or have pins in them.

I understand that if the quilt backing is pieced, it can not be centred. It will be quilted the way it is loaded.

I understand that if there is not enough backing provided and leaders must be added or if there must be any adjustments or fixes to the backing there will be a minimum \$25 charge (plus tax). Repairs to seams that are loose or become unstable will incur a minimum \$40 charge (plus tax), if repairable.

Stitcharie and the 'long armer' will do their best to ensure your quilt is completed to your satisfaction in a timely manner.

Machine breakdown cannot be predicted, if there is a delay you will be notified. Quilts are booked on a first come first served basis, and **cannot** be 'pre-booked', the quilt must be presented to be placed in a booking position.
